*Multiple Allies, Tons of Unique Weapons, Multiple Story Paths, and Over 100 Quests In This Medieval Beat 'Em Up!*

**Burlingame, CA. – June 20, 2017**– Natsume Inc., a worldwide developer and publisher of family-oriented video games today launched *River City: Knights of Justice* on the Nintendo 3DS eShop. The game was shown publicly for the first time at the Electronic Entertainment Expo last week in Los Angeles. Developed by Arc System Works, the game is available on the eShop for \$14.99 USD and €14.99 Euros, and is rated E10+ by the ESRB.

The magical land of Riverandia is in a state of turmoil! Several years have passed since the rainbow-colored Crystal Tower was suddenly enveloped in darkness. With the world plunged into horror and chaos, a legend began to spread amongst the people about a savior who would come to save the world. Then, one day, a lone knight appeared. His name: Alexander Valford.

Kunio and his friends go medieval in *River City: Knights of Justice*! This unique entry to the River City series sees Kunio and his friends and foes transformed into heroes and villains that would be at home in any RPG! Use swords, staves, and even magic to bring peace back to Riverandia!

The game offers multiple allies and story paths in addition to over 100 quests and tons of unique weapons.
